

## Description

Mi-Wave's 521 series Fixed Attenuators

## Notes

S/N: 0RK01Y

## Electrical Specifications

|                        | Minimal  | Typical | Maximum   |
|------------------------|----------|---------|-----------|
| Frequency              | 26.5 GHz |         | 40 GHz    |
| Attenuation            |          | 30 dB   |           |
| VSWR                   |          | 1.15:1  |           |
| Average Power Handling |          |         | 3.0 Watts |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |
|                        |          |         |           |

## Physical Specifications

|                        |                             |
|------------------------|-----------------------------|
| Input and Output Ports | WR-28 Waveguide, 599 Flange |
| Material               | Aluminum                    |
| Finish                 | Gold Plated                 |
|                        |                             |
|                        |                             |
|                        |                             |
|                        |                             |
|                        |                             |
|                        |                             |
|                        |                             |
